

Pathways provides cost-effective solutions for your company's Material Safety Data Sheet (MSDS) management, helping you meet the requirements of the WHMIS Legislation, and ensuring your employees' health and safety.

With the assistance of a Professional Chemical Engineer, Pathways focuses on providing you with a timely and efficient MSDS management solution.

We provide Services including:

- ✓ Chemical inventory performed to ensure all chemicals are accounted for;
- ✓ Setup of MSDS for chemical products used specifically by your organization;
- ✓ Customized binders completed with printed MSDS for easy access;
- ✓ Server based electronic copies of MSDS available;
- ✓ E-mail of updates specific to your customized collection;
- ✓ Continuous updates and maintenance of MSDS for your organization.
